Grower of Superior Gladiolus

1937-1938
Beautiful Ohio is rapidly gaining in popularity. Up to the time of writing this I have reported to me 14 blue ribbons at major shows with several more to hear from. Also several red ribbons were won. In some instances a red and blue were won when Beautiful Ohio was in competition with itself. Do not fail to mention Beautiful Ohio in your list of varieties wanted. Prices will be lower.

Prices by many growers are not yet established therefore I am listing only the varieties. I always sell out very early on some varieties; therefore I advise you to hurry to avoid disappointment.

Make out a list of the varieties you want stating sizes and quantities from 1 to 25 retail and 100 or more at wholesale and bulblets in quantities from a few to a pint, quart, or peck.

I prefer to classify sizes in large, medium, and small, and bulblets. However, if you prefer, mention sizes from 1 to 6. If sold out of a size may I substitute the next smaller or larger size as the case may be?

I have listed varieties in alphabetical order with _1, _2, _3, _4, and _ following each variety name. Those in the higher priced bracket from 50 each up are marked _1, the next lower _2, the next _3, and the lowest priced ones _4. "-" after a name means that I have a more or less small quantity of that variety. If interested in any marked with a dash mention either bulbs or bulblets and I shall quote prices if possible.

You may well see that the cost of this list is very small. We are passing the savings on to you.

Make out your list from the following and send to me and I shall quote you prices at once.

If you prefer you may make out a list of the colors you want and the amount of each in these colors and I shall submit a list of varieties in those colors and prices. Just tell me what you want.
